EYES OF THE WORLD

REPORTER-PHOTOGRAPHERS, hundreds of them, constantly scour the world for "shots" that will make a news highlight more real . . . more interesting . . . more understandable. The single, business-like click of a camera and a thousand-word story is captured, all in an instant, to be presented in a manner more graphic than the words themselves could ever attain.

The scenes these men photograph number into the thousands daily. From this great number a careful selection is made. The chosen pictures, designed to aid you in the visualization of important news events or "human-interest" occurrences and individuals, are regularly offered by this newspaper.

This is our answer to a modern public's demand upon a modern newspaper for pictures of places, persons and incidents of world-wide interest.

MAKE MAY A "GO TO CHURCH" MONTH

Now that the long, hard winter is over, the roads are getting better and many who were sick either well or convalescing, may we not make the month of May a time of real church attendance, and a time when all citizens of Appomattox dounty will join hands in an earnest effort to revive the cause of true religion among us?

Appomattox county has long been known as a "Church Going County" with a few years more than 35 churches and Sunday Schools, white and colored, have been built and maintained. They have rendered great service. They are all alive today, and they need you and bid you welcome. They are amoung our greatest county assets. They are character building institutions. They give poise and balance to our citizenship. They seek to fit us for the life that now is and for the life that is to come. They promote Christian fellowship and seek to advance the Kingdom of God at home and abroad. We can not dispense with them. They must be kept alive for ourselves and for coming generations. Let's vitalize them, and make them store houses of spiritual energy and influence. Think twice before you turn your ear in another direction. Let us all join hands and MAKE THE MONTH OF MAY A GO-TO-CHURCH MONTH

Furnishings of Famous McLean House Found

Piece by piece the vital articles needed for a restoration of the McLean House at the Surrender Grounds are, is being located.

Some time ago the editor of this paper got one of the chairs in which Generals Lee and Grant sat at the signing of the Surrender, in the Wilmington museum. Now, the all important table on which the papers were signed, has been located. It is in the exhibits of the Chicago Historical Society.

An ink well supposed to have been used by General Grant is also in the exhibit.

All of which makes us here at Appomattox all the more anxious to see the McLean House rebuilt and an effort made to duplicate its historic furnishings.

Bent Creek

Bent Creek, April 29: Farmers are busy now and things seem to have taken on new life since the spring weather has come. Right much highway work is being done, giving employment to some who had nothing to do for a long time. What this county needs is steady work, and let every man have a regular job and be able to show his pay roll and expense account just like we "one horse" merchants do, also larger corporations. That would do away with the bootleg business, which is and has been the ruin of this county. Take it from me, the whisky question in this section now is ten times worse than it was before the abolishment of the 18th amendment. There are so many who would not stoop to buy the bootleg liquor when they start with the legal beer it creates a taste that so many have not the power to resist and and homes are wrecked and hearts are broken and so many other evils too numerous to mention caused by this stuff.

Farmers Are Asked To Attend

A series of meetings of local farmers, beginning tonight, has been called by county agent, R.B. Hudgins. The meetings are in the interest of the new soil conservation program, which replaces the AAA.

Work sheets on all crops harvested in 1935 can be completed at these meetings, which have been arranged between 8:30 A.M. and 5 P.M. in order to give ample time for this detailed work to be done. Each local committee will be present. Farmers are asked to bring the number of acres harvested in 1935 in tobacco, corn, wheat and all other crops including truck crops. List number of acres in alfalfa, clover, lespedeza and mixed grasses and pasture land which has been seeded since the first of January. These figures will save time in making out the work sheets.

No contracts or anything binding is found in these work sheets, but in order to cooperate in the new program it will be necessary to fill out with the committee now.

The schedule follows:

April 30: 8:30 A.M. to 5 P.M., Pamplin bank, Geo. Abbitt's store at Vera, Depot at Spout Spring.

May 1: same hours: Appomattox court house; Nash's store; Evans' store at Evergreen; Hatcher's store; Stonewall school and Martin's store at Oakville.

May 4: same hours: Hix's store at Hixburg; Beckham Post Office.

Local Team Loose To Burkeville

The Burkeville high school ball team defeated the Appomattox high school team here Tuesday 16 to 8. The game was marked by heavy hitting on both teams, the margin of victory probably being due to numerous errors by Appomattox.

Lucado, of Appomattox, after having pitched a fine game, was relieved by Smith in the seventh. Hubbard lead the hitting for both teams Carter and Abbitt each made three hits for Appomattox. Lucado fanned three Burkeville batters with the bases loaded in the third.

The next home game takes place here next Tuesday with Brookville.
